B. Electric Department Staffing: Having advertised for a position of Journey Lineman and completing interviews on January 18, the Council Committee (Morey/Fisch) recommend the hire of Matthew J. He will serve a six month probationary period.

C. Electric Department Wages: Considering that Roger Schmitz will continue to be the Electric Department Supervisor and that the Supervisor should, rightfully, receive a higher wage than those whom

VII. Clerk's Report

- A. Minnesota City Finances: I will show you a book at the meeting, should any of you wish to review it, entitled 2003 Revenues, Expenditures, and Debt, compiled and published by the Office of the State Auditor, listing in various ways and comparisons, the finances of cities.

- D. Council Members' Personal Notes: The City of Caledonia web page contained brief Personal Notes about each of the Council Members. Past Members (Burns, Schiltz and Klug) have now had their notes deleted and we invite the new Members to draft what they wish to be presented on the web page. Members Fisch and Vick are also invited to review their statements in case you wish to change or add any material. Addendum #11.
  
- E. EDA Director's Report: Enclosed is a list of the current activities of the EDA Director, Joyce Iverson. Joyce has recently had surgery. She will plan to attend a Council Meeting in February. Addendum #12.
  
- F. MN/DOT Future Transportation Plans: At the past meeting, the Agenda referenced area meetings whereat MN/DOT would review plans for highway/bridge improvements/replacements for the next 30 years. Nobody from Caledonia attended those presentations. Member Fisch asked if I could obtain a copy of the 30-year listings. While the letter, announcing those (now past) meetings states that information on the planning process can be obtained at MN/DOT's office of Investment Management, [www.oim.dot.state.mn.us](http://www.oim.dot.state.mn.us), I could not find the 30 year plan. I found a number of others and printed off a 10-year plan, enclosed as Addendum #13 (Council only). I telephoned Rochester and was told they will mail a copy of the 30-year plan.
